

BENT BEAM BULLETIN

Hello, friends — From all of us here at Bent Beam Barn, we're thrilled to welcome you to the very first edition of our newsletter! This is where our story continues to unfold, just footsteps away from Mason Lake. Our renovated 70-year-old dairy barn; we don't just love the land, we live by it. Yes, we're a vacation rental, but what we offer goes far beyond a place to stay.

The Musiedlak Family treats good soil like gold. They protect it, nurtures it, and improve it year after year. Walk the property, and you'll see exactly what we mean ...Matt's a solution-oriented steward of the land, a master of recycling, reimagining, and repurposing, and a champion of sustainability in every corner of the farm. He also knows firsthand how transformative it is to truly engage with the land — with the food it grows, the hands that tend it, and the quiet lessons it teaches if you slow down long enough to listen.

Our hope is that the Bent Beam Barn becomes that place for you too — a space to unwind from the noise, breathe deep, reconnect with nature, learn a little about agriculture, and live your best life while sharing it with the people who matter most.

Life on the farm is always moving, always changing, and always full of heart. Through this bulletin, you'll get a peek behind the barn doors and see what's happening across our little corner of Wisconsin.

OUR HIGHLAND HEARTHROBS: BOONE & CROCKETT

You could book a basic stay... or you could book the one everyone talks about after. Bent Beam Barn isn't just another Airbnb or VRBO — it's the experience. Our Highlands, Boone & Crockett, have been popular. Big hair! Big charm! Big personalities!

These two fluffy heart-throbs are strutting around the pasture like they're on the cover of GQ: Grazing Quarterly and honestly... they're not wrong. Folks have traveled from near and far to see them. The Bent Beam Barn is where every celebration comes with fringe, fluff, and a whole lot of farm charm.

EVERY DAY IS A CELEBRATION

Escape the resort crowds and retreat to the countryside, where mornings start with birdsong and nights end under a starry sky that looks Photoshopped. Meanwhile, all the fun of the Dells is just minutes away—because balance is important.

Book your spring stay today and experience the kind of getaway that hugs you like home but spoils you like vacation.

WE ARE A 5-STAR STAY

You don't want to miss the cozy vibes, the wide-open spaces, the porch-sittin' peace, and that "ahhh yes, this is my happy place" feeling you only get out here.

And hey — we're just 15 minutes from the Waterpark Capital of the World, so you can splash, slide, scream, and then come home to the barn where life slows down and the sunsets do all the talking.

Breathe in the fresh air and settle into our little sanctuary. Enjoy our green space— sunrise or sunset, it's one of the most peaceful dining experiences in Briggsville.

GLADYS, OUR GREENSPACE, SUNSETS & MORE ...

Who the cluck is Gladys?

Only the reigning queen of the coop, darling. She struts, she chirps, and she personally greets our guests like the diva she is.

Never held a chicken? Time to cross that off your bucket list—with feathers, flair, and a photo op, during your visit to the Bent Beam Barn. Our team makes it happen. She is a fan favorite!

EGGS

Egg Supply Status — The ladies in the coop are keeping busy, and we'll keep our guests posted on when fresh eggs are available for harvesting and enjoyment. They are always complimentary.

GARDEN PROGRESS

May is a season of renewal and promise. The soil is waking up, the greens are stretching toward the sun, and we're already dreaming of that first harvest. There's still plenty of planting ahead, but the bounty always rewards the patience it takes to grow.

During your stay, you're welcome to enjoy the fruits of our labor — pick a few herbs, gather fresh produce, or simply savor something new straight from the garden. It's all part of the Bent Beam Barn experience: fresh, simple, and shared with love.

SUNRISE | SUNSETS

Is this heaven? No, it's the Bent Beam Barn in Briggsville. Each sunrise and sunset, a beauty.

This property. Our family. A promise of tomorrow we love to share.
